HOLIDAYS HOME WORK

CLASS II & III

Dear Parents

Summer holidays are indeed a delight and it's a time to travel, unwind and learn, the time that can be tailored to suit the interest and needs of our children. Let's help our children to learn new things and master old ones as they have fun. Let's help them work on specific skills that they would need in their current academic year.

Few Guidelines for parents

1. Knowledge is Power". Therefore encourage your child to cultivate the reading habit as it develops the vocabulary, language skills and improves spellings. Also, read to your child because it builds reading skills and increase his / her attention span.
2. "A healthy mind lives in a healthy body". Encourage your child to go out and play because sports instill discipline, generate sporting spirit and channelize energies constructively.
3. Communication skills play a pivotal role in grooming the overall personality of the children. Converse with your child preferably in English to help him / her get comfortable with the language.
4. Let your child spend some quality time with their grandparents and learn about their rich culture and heritage.
5. Let your child learn to tie shoe laces, button their shirt and comb their hair.
6. Let your child go for a walk with your grandparents.

Dear Children,

Here is a "Summer Vacation Activity Treasure Box" just for you to make your vacation more interesting, meaningful and full of fun. But you have to follow certain school holiday rules which is mandatory and we are going to take feedback from your parents on PTM.

SCHOOL HOLIDAY RULES

You may spend some time on the I pad / TV as you like –but before doing that please make sure you do the following things:

- Make your bed
- Have breakfast
- Get Dressed up
- Brush your teeth
- Brush your hair
- 20 minutes of reading.
- 20 Minutes of writing/colouring/ any School Homework activity
- Clean up 1 room (TV room / Bedroom)
- Play outside for 30 minutes
- Make or build something creative (logo, craft, sand etc.)Help someone in the family (ask if there is a job you can do, if you can't think of something yourself)

Do any three projects:

1. **Thankful Book:** Take a scrap book and have your child draw pictures of persons and things. Under each picture have your child write about why they are thankful for the persons, or things in the picture. You can take pictures from the magazines or any old book.

Example: Picture of Sun

Sentence: Thank you sun for giving us light and heat.

2. A feel good notebook

It is a great thing a child can have to help him focus on positive experiences they have each day. Often times we focus too much on the negative that we forget about the simple good things that happen throughout the day.

Have your child decorate their notebook.

Each day have your child sit at the table and write 2 good things that happen that day. It can be as simple as: I had fun at the park or I helped my mom in the kitchen. If the child likes to draw, encourage him to draw pictures of two things they listed.

3 .Learn new words. Make a vocabulary tree.

Take a half sized chart paper and create a 'Garden Scene'. Paste cut outs of different flowers. On each flower write something that you would do happily to save environment.

4. Take handmade paper and cut out any one of the following objects: butterfly, caterpillar, flower, a summer fruit. Write on it two traits / habits that you would like to acquire.

ग्रीष्म अवकाश हेतू गृहकार्य

कक्षा- दूसरी

इन शब्दों के चित्रों सहित वाक्य बनाएं

वर्षा तितली जंगल फूल पृथ्वी

पेंसिल मौसम पक्षी पतंग मुश्किल

कक्षा- तीसरी

पंचतंत्र की कहानी कोई एक को चित्रों के माध्यम से सवांद के रूप में लिखिए ?

Have fun-filled holidays. Keep a book box in the car. You will always have something new to read on a road trip.

Wishing you all a relaxing summer vacation.

Regards

Class Teacher
